RM CODING TASKPHASE

WEEK-2 REPORT

ARDUINO

- **Installed Arduino ide**
- **Learnt how to code an Arduino.**
- **Learnt about the different components of an Arduino uno board.**
- **Completed Arduino worksheet.**

TINKERCAD

- **Made a Tinkercad account.**
- **Created 7 different circuits using Arduino in Tinkercad.**
- **Learnt and used other electrical components like led, potentiometer, switch, servo motor, ultrasonic sensor with Arduino.**
- **Made a hidden button game with a led, ultrasonic sensor and potentiometer.**

GITHUB

- **Uploaded Arduino worksheet on Github through Gitbash.**
- **Got familiar with git pull.**
